Investment management style

The firm's equity management style focuses on security selection to add most of the value. Companies with earnings stability, strong management teams and sound balance sheets are emphasized in their growth equity portfolios. Companies relatively undervalued with healthy balance sheets, and exhibiting a catalyst for revaluation are favoured in the firm's value equity portfolio.

Fund objective

To provide investors with superior capital growth over the long-term. The Fund invests primarily in the stocks of 30 to 40 Canadian companies chosen for their superior earnings growth, strong management and solid financial position. Emphasis is usually on non-cyclical companies, due to their stable long-term earnings potential.
